## From the Editors **Cab Window**

Normally I would start this newsletter off on a positive note by wishing all a Happy New Year; and to the majority of our members I do. However as some of you will be aware David's situation is not good. Please see page 5 for the latest news we have. *Colin*

## Remembering Those Members of Our Club Who are not Well at this Time

### **David Wainwright**

Unfortunately David's condition has worsened since the last newsletter and he is currently in the Cynthia Spencer Hospice.

We will keep you all informed if there is any change to his condition. Both Les and Roger have been to see him since the onset of his illness

### **Len Snelling**

Len was not very well during December and was readmitted to hospital. Because of this, he and Betty were not able to attend our Christmas Dinner. We understand Len has had a Pacemaker fitted and trust this will now speed up his recovery.

# NOTICE BOARD

## Thursday Afternoon Test Track Upgrade Sessions

Thursday 22nd January will be the last Thursday afternoon session for working on the Test Track Upgrade. Any work that still needs doing will have to be done on a Wednesday evening Club night meet.

Work that still needs doing includes: -

- Strengthening struts fixed diagonally under each section to stop the sagging.
- Renewing of the securing case clips on the inside sections
- Black card placing under the track in places where it needs to be levelled out.
- Renumbering of the legs

As you can see there is still quite a bit of work to be done.

The Test Track will be making an appearance at the Great Central Model Exhibition in June so we need to get the work done.
